...and more!

Summer is just around the corner — and Downtown Lindsay is ready to make the most of it.

There's no better time to get into the heart of our community, and this issue is full of reasons to be excited. If you haven't been by lately, keep an eye out — the planters should be blooming soon, if they aren't already brightening up the streets by the time this reaches you!

The energy is building, and we are just getting started. Read on — there's a lot to love in this one!

Welcome to the Neighbourhood!

KB on Kent

Downtown Lindsay just got a delicious new addition! KB on Kent is now open on Kent Street, bringing a fresh dining experience right to the heart of our downtown. Whether you're meeting a friend for lunch or looking for a new dinner spot, this is one you'll want to check out. We're so excited that they've made Lindsay their home.

Mill Street Antiques

There's something special waiting to be discovered! Mill Street Antiques Pop-Up Shop has arrived in downtown Lindsay. With a carefully curated selection of antiques and one-of-a-kind finds, every visit is a little different. Pop-ups are a great reminder of the ever-changing energy of our downtown — so don't wait too long to pay them a visit!

Practical AI for Real Businesses:

What to Do, What to Avoid, What to Implement

This practical, in person, 90-minute session cuts through the AI hype and shows business owners what to do and how to do it. You'll see where AI genuinely helps a business, the three risks that hurt a business, and how to write prompts that produce usable output. By the end you'll have a 5-part prompt framework, an acceptable-use policy outline, and a 30/60/90-day action plan you can run with to implement AI successfully.

Free Family Program

Walk on the Wild Side Swift Watch

June Thursday **4** Time: 7:00pm
Lindsay Branch

This evening program focuses on the Chimney Swift, a species at risk that spends almost its entire life airborne but each night roosts in urban chimneys.

The program begins with a presentation in the library's meeting room, followed by a guided walk through downtown Lindsay.

Participants will visit local roosting areas and watch as chimney swifts gather at dusk. This unique experience offers a closer look at a bird that travels thousands of kilometers each year.

This event is sponsored by Bird Friendly Kawartha Lakes. No registration needed.

INTERESTED IN A CAREER IN LAW?

Student day at WARDS LAWYERS is an event designed for post-secondary students interested in pursuing a career in the legal profession.

The day offers valuable insight into what a future career in law may look like on a day-to-day basis. Throughout the day, students will engage with the firm's students-at-law, junior lawyers and senior lawyers. In addition, students will have the opportunity to tour the local law library and visit the courthouse to further enhance their knowledge of the legal profession.

We look forward to providing you with a valuable and engaging experience and cannot wait to meet each of you!

YOUR LOCAL AI RESOURCE

We're excited to announce that Colour And Code is expanding our role as a local AI resource for small businesses.

Over the past year, we've focused heavily on understanding how AI is changing marketing, websites, customer service, content creation, search, and day-to-day business operations, especially for small and medium-sized businesses.

As more business owners ask questions like "What should I actually be using?", "What's useful?", and "Where do I even start?", we want the local business community to know they can use us as a resource.

Whether you're curious about AI, looking for practical tools, trying to improve efficiency, or just wondering what all the hype is about, we're always happy to chat.

No pressure, no confusing tech talk, and no robot takeover speeches. Just real conversations about how local businesses can adapt, save time, and stay competitive in a rapidly changing world.

If you'd like to learn more, ask questions, or explore how AI could fit into your business, give us a call, send us an email, stop by, or visit us online.

Updates from Kennedy's Appliances - Electronics

We are proud to announce the expansion of our operations with the launch of our new Scratch & Dent Warehouse showroom coming August 2026. Featuring more than 3,000 square feet of showroom space, this new location positions us among the largest Scratch & Dent appliance dealers in Ontario.

As part of this significant investment, we are also undertaking a complete renovation of the front of our store to ensure full accessibility for all customers. These improvements reflect our continued commitment to providing an exceptional shopping experience while better serving our valued customers and the surrounding community.

To further strengthen our operations and maintain competitive pricing, we have also acquired a 25,000 square foot warehouse facility. This expanded capacity will allow us to purchase and manage larger volumes of inventory, ensuring greater product availability and continued value for our customers.

This expansion marks an exciting milestone for our company rolling into our 94th year, and we look forward to continuing to grow while delivering the quality, service, and affordability our customers have come to expect.

MAKE SURE YOU'RE FOLLOWING US!

Since joining the downtown Lindsay community earlier this year, Sparq Retail has been focused on creating something a little different — a welcoming space where people can feel comfortable, informed, and never judged.

One of the most rewarding parts of opening in Lindsay has been meeting so many new people every day. Even after several months in the community, we continue to see new faces walk through our doors daily, and we're incredibly thankful for the support and curiosity the community has shown us.

At Sparq Retail, we believe cannabis retail should feel approachable for everyone. Whether someone is exploring CBD for the first time, looking for wellness-focused topicals, or simply wanting to learn more, our knowledgeable and friendly staff are always available to help guide the conversation in a relaxed and comfortable environment.

Community involvement is also a major part of who we are. We were recently honoured to present a donation of \$1,100 to the Kawartha Lakes Humane Society. Supporting local organizations and giving back to the community that supports us is something we truly value, and we look forward to continuing to contribute wherever we can.

As we move into June, visitors can expect ongoing promotions, complimentary coffee in-store, and a carefully curated selection of cannabis products, CBD options, accessories, and wellness items designed to suit a wide variety of needs and preferences.

If you haven't had the opportunity to visit us yet, we'd love for you to stop by, say hello, enjoy a coffee, and see what we're all about. We're proud to call Lindsay home and excited to continue building connections within this amazing community.

with Wards Lawyers

Wards Lawyers' In Good Company podcast takes us inside Lindsay's Valu-mart, where new owners Graham and Hannah Snoddon share the story of their big leap. From Graham's early days in the produce department to running one of downtown Lindsay's most beloved stores alongside his wife and business partner Hannah — this is a story about community, and the big store with the small town feel.

In Good Company is a production of Wards Lawyers. Original theme music by Jeremy Van Halteren.

Looking for something a little different to do this month? Studio Gifts at 109 Kent Street West is now offering monthly workshops.

Current offerings include Bingo Night candle making (because who doesn't want to play bingo and make candles at the same time?) and pottery workshops, with more exciting workshops coming soon. The best part? You'll have to stop by the store to find out what's coming up next — and honestly, that's just a great excuse to visit.
